To Whom It May Concern:

My name is Scott Giusti and for the past three years, I have been the Associated Student Body Advisor at San Diego High School. The ASB plans and organizes many events for the student body, including school dances. One of the hardest and most controversial issue that arises when planning a dance is the DJ. Our diverse student body population enjoys a wide variety of music so we occasionally had issues when attempting to please all of our guests, until now.

For Homecoming in October of 1999, we decided to use Mr. Mitich and his associates from the mobile DJ service offered by the Ice House Young Adult Night Club. The employees were on time for set-up, extremely cooperative with the faculty, played the students' requests, provided fog machines and laser lights. They supplied not only a wide variety of music but also songs that were up to date. This was the first time that the student body was happy with the music that was selected.

Along with providing their services at dances, they have also provided entertainment during lunch. Again, they arrived on time for set-up and had music ready for the students as soon as the lunch began. The music was always appropriate and they would help to announce lunchtime spirit activities, which aided in increasing the participation for these events as well as school spirit.

Due to the high quality of service, we continued to use Mr. Mitich and the Ice House DJ's for the remainder of the 1999 - 2000 school year, and for the 2000 - 2001 school year as well. I would highly recommend using Mr. Mitich and the Ice House DJ's for your events. They are reliable, professional, and committed to providing the best service for schools and the students. They will surely aid in making any event a success.

Sincerely,

A handwritten signature in cursive script that reads "Scott Giusti".
